Explore the story of the Mary Rose, bringing you closer to Tudor life than you ever thought possible. Experience life at sea, discover the craftsmanship behind naval engineering, and witness "Victory Live: The Big Repair," a once-in-a-lifetime conservation project. Most attractions are wheelchair friendly ... The Mary Rose is fully accessible whilst other exhibits are partially accessible with touch and audio tours available. HMS Warrior is only Wheelchair accessible at low tide. Unfortunately, it will be high tide throughout our visit so HMS Warrior will not be Wheelchair Accessible.
