

RHINE AND THE MOSELLE IN SPRING 2028.

A river cruise, with beautiful scenery to look at and stops at interesting places, with an inclusive drinks package and full-board dining - is that an idea that would tempt you?

Chinnor u3a has arranged a group booking with Riviera for an 8-day cruise up the Rhine and the Moselle in spring 2028. The ship is the MS Emily Bronte.

Dates: 12th - 19th June 2028

Flights: from Gatwick (leaving Gatwick at 12.55 and returning from Dusseldorf at 15.20 so no very early mornings or late nights).

A quotation from the brochure:

Following embarkation in Cologne, this cruise takes you south on the Rhine to Koblenz to join the Moselle, calling in the delightful town of Cochem. We also visit Trier, the oldest city in Germany, famous for its Roman amphitheatre, baths and the imposing Porta Nigra, the huge fortified gate that formed the eastern border of the Roman Empire. After our furthest port of call, Bernkastel, we commence our cruise back downstream towards the Rhine, with time to relax and absorb the stunning scenery along the Moselle valley.

We rejoin the Rhine, visiting the old town of Koblenz which sits on the confluence of the two mighty rivers, and stopping enroute in Boppard - known as 'the Pearl of the Rhine'. One of the highlights of the cruise is the hours spent cruising through the Rhine Gorge where you'll see scenic 360 views and be able to spot the famous Lorelei rock, all on the way to Rüdesheim (one of the prettiest towns in Germany), before heading back north to Cologne for a guided city tour.

All in all, a cruise that takes in some of the most beautiful landscapes that Germany has to offer, with plenty of interesting places to visit as you go, learning about the history of each place and sampling the local tipples - all appreciated from a most privileged vantage point of your luxurious, five-star ship.
